

J. M. Douglas Elected

J. M. Douglas Declared Elected to the Federal House by Acclamation

Special to The Star.

Wetaskiwin, Oct. 20. James M. Douglas, of Strathcona, was this morning declared elected by acclamation to represent the federal constituency of Strathcona, in the house. There were no other names presented to the returning officer, Hugh John Montgomery, of this place.

Mr. James M. Douglas, is the eldest son of Rev. and Mrs. James Douglas, veteran Presbyterian western missionaries, now living in retirement in Edmonton, and was born in 1808, at Lanark, Ontario. He came west to Manitoba with his parents in 1878 and in that province his youth was spent and his education obtained in the schools of Morris and Winnipeg. He qualified as a teacher and for some time taught in the schools of Manitoba, but decided he would prefer a business career and in 1889 entered the mercantile life as a clerk. In 1893 he came to Edmonton and became senior clerk for the W. Johnston Walker firm of that city.

About twelve years ago he came with his brother, R. B. Douglas, then of Winnipeg, to Strathcona and they formed a partnership as general merchants and began the building of the splendid business which they still own and continue to develop. In 1896 he married Miss Pickerton, of Glasgow, Scotland, who now shares with her husband the honor that the electors of the constituency have bestowed upon him.

Mr. Douglas has for the past two years been president of the Strathcona Board of Trade, a post which he has filled with great acceptance to the members of that organization and citizens generally. For the past two years he has occupied a seat in the City Council and was known as a most capable and painstaking member of that body.

He has always taken a deep interest in politics, both local and federal and his sympathies have been with the Liberal party. While a party man he has always been courteous and fair in his treatment of those who have differed from him and he has the confidence and esteem of the Conservatives and of his home city where he is best known and where the scene of his political activities has been.

Mr. Douglas has not until now figured as a public man and he has not been known as a platform speaker, but he has a good command of language and gives promise of becoming a good debater and by his election to parliament those qualities of mind are aroused which private business life do not call forth. He brings to his public duties the same energy, integrity and tact which have made him eminently successful in business life. We believe that Mr. Douglas the electors of the constituency of Strathcona have a candidate who is worthy of their support and who will make for them a most creditable representative.

BORN

OKK—In Toronto, Ont., on Saturday, Oct. 9, to Mr. and Mrs. W. Okk, a daughter.

HALPENNY—In Edmonton, on Thursday, Oct. 7, to Mr. and Mrs. R. Halpenny, a son.

School Board Meets

A Large Number of Accounts Passed—Will Borrow More Money For Current Expenses

A regular meeting of the village school board was held in the office of the secretary-treasurer on Saturday morning last, the members being all present. The minutes of the previous meeting were read and adopted. Lintpert—Pawling—That the action of the chairman and secretary-treasurer in paying the following accounts, be approved.—Carried.

J. H. Dawson, expenses repairing school and freight on desks \$ 92.73 Merchants Bank, note 400.00 N. S. Kenny, salary 75.00 Pawling—Dawson—That the board borrow an additional \$300 for current year's expenses.—Carried.

Pawling—Lintpert—That the following accounts be paid: Wainwright Flour and Feed Co., rent \$ 72.00 H. V. Fieldhouse, stamps, telegrams, etc., 12.05 W. Small & Co., furniture, etc., 9.65 Wainwright Star, printing, etc., 3.95 E. L. Christie, supplies, 1.75 Village of Wainwright, scavenging, 1.00 N. S. Kenny, on salary account 150.00 Pawling—Lintpert—That the bond as furnished by the secretary-treasurer be accepted.

A bylaw was passed by the board in accordance with the act, authorizing the board to borrow the sum of \$300 for current expenses. The meeting then adjourned.

The New Jasper Park

Government Reserve on Line of G. T. Will Soon Rival Banff—Many Natural Beauties of Park

Howard Douglas, Commissioner of Dominion Parks, was in town Saturday superintending the unloading of the two cars of buffalo, which were received from Ravalli, Montana, on that day, being part of the Pablo herd, purchased by the Dominion government for the National Buffalo Park.

Mr. Douglas recently returned from an official trip to the new Jasper Park at the Yellowhead Pass, on the line of the G.T.P., and is most enthusiastic over its many beauties.

Hot springs were discovered, which are three degrees warmer than those at Banff, which are now world famous. Mr. Douglas informed The Star that every precaution will be taken to preserve the natural beauties of what will, in a very short time, be Canada's greatest playground. Fire rangers and other officials will at once be sent out to the park to prevent the spread of forest fires and keep settlers from squatting within the reserve.

The W. A. A. are giving another of their very popular dances in the Mills' hall next Friday, Oct. 29.

Anniversary supper and concert, Grace church, October 25. Big fine programme. Tickets 50 cents.

Prof. J. H. Riddell, D.D., of Alberta College, Edmonton, a well-known preacher, will occupy the pulpit of Grace Methodist church, both morning and evening on Anniversary Day, Sunday, Oct. 24.

W. A. Watson, secretary of the W.A.A.A., has just received a substantial cheque from J. H. Dawson, the honorary president of the association.

The Local News of the Week

H. O. Duff made a business trip to Edgerton on Saturday last.

The bane will resume regular weekly practices, commencing Thursday evening next.

Grace church ladies will serve a hotsupper in church, October 25th, from 5.30 to 8 o'clock.

Ed. Ripley, of Pleasant Valley, made a business trip to the town on Monday. He leaves shortly for Edgerton and points west, where he will spend the winter.

The marriage took place at Winnipeg yesterday of Mr. P. J. Bedson, travelling freight agent of the Grand Trunk Pacific railway, and Ethel Roberts, second daughter of Mr. and Mrs. Robert Wyatt, of Winnipeg. Mr. Bedson's many friends in Wainwright wish him every happiness in his married life.

The old trail from town to Edgerton is now a thing of the past, having been cut off in many places by the G.T.P. fence. The bridge over the Ribstone is now practically useless for traffic, the approaches on both banks having been fenced off. The new bridge over the creek will be built a short distance north of the present one.

A delegation of Ribstone residents attended the meeting of the Railway Commission held at Edmonton this week and asked them to order the G.T.P. to put in a siding at that thriving place. It is not known yet what success the delegation had with the board, but as this siding is necessary, it is expected the request of the Ribstone residents will be granted.

G. H. Beaudry, proprietor of the Central Store, is having several changes made in the interior of his store at present. The partition which separated the grocery department from the balance of the store is being removed. When completed the alterations will add greatly to the appearance of the interior. The upper story is being divided off into rooms.

Dr. J. W. McQueen, the well-known local dentist, has presented us with a copy of his very instructive booklet, "Teeth and Their Preservation." It contains a great deal of very useful information and will no doubt prove of great value to those who are fortunate enough to have a copy. Since coming to Wainwright, the Doctor has built up a very nice practice and made many friends through his uniform courtesy and attention.

Mayor Dawson gave the members of the fire brigade a surprise call on Monday evening. He set fire to a large pile of old boxes and rubbish at the corner of Main street and Second avenue and then rang the alarm. Five minutes after the alarm was given, the brigade had the fire under control. As a result of this practice, several important changes will be made in the membership of the department, some dead timber being eliminated.

W. A. Watson, Secretary-Treasurer of the Eastern Alberta Hockey Association, has called the annual meeting for Thursday, Nov. 11, at Wainwright. There will likely be several new teams in the league this year. Delegates have been asked to attend from Biggar, Scott, Unity, Ribstone, Edgerton, Viking, Ryley and Tofteld. The league will be changed in several respects and will in future embrace the teams along the line of the G.T.P. from Tofteld to Scott.

Thanksgiving Day

Monday Next Will be Observed as a Public Holiday in Wainwright

Monday, October 25, is Thanksgiving Day. On that day every store in Wainwright will be closed and everyone is asked to promote a better observance of this important Dominion holiday by doing their shopping on the Saturday previous.

J. Stephaeson, of Lindsay, Ont., is at present installing the lighting plant in the Auditorium opera house.

Grace Church supper and concert on Thanksgiving Night, October 25th. Remember the big time last year and come again.

The school board held a meeting in the office of the secretary-treasurer on Monday. The full account of the business transacted will be found in another column.

With the next issue The Star enters on the second year of its existence. During the coming year we hope to make several important changes in the appearance of the paper.

There was a slight snow fall here on Tuesday evening of this week. A peculiar coincidence in connection with this storm is the fact that just a year ago on the same day, the first snow fell also.

The Merchants Bank has now 132 branches in Canada. Two of their latest openings are Killam and New Norway, the first town to be established on the Tofteld-Calgary branch of the G.T.P.

Norman Culp has received permission from the post office department to remove the post-office from its present location to the new block being erected on Main Street by Messrs. Forster and Pawling.

The semi-annual meeting of the W. A. A. will be held in the office of Dr. W. A. Watson, on Friday evening. The reports of the different committees will be received and hockey matters discussed. The executive committee will submit plans and specifications for a curling and skating rink to the meeting for approval.

DANCE AND SUPPER

A grand Dance and Supper under the auspices of the W.A.A.A. will be given in

MILLS' HALL ON FRIDAY OCTOBER 29

Dancing commences at 9 o'clock sharp and continues until 1.30 a.m., with an intermission at midnight, during which supper will be served. Everyone should attend. Good music.

ADMISSION \$1.00 LADIES FREE

New Business Block

Two Storey Building to be Erected on Main Street—Post Office to be Moved

Messrs. M. L. Forster and H. Y. Pawling have let the contract for the construction of a two-storey business block on Main street between Second and Third avenues.

The building will be 48x55 ft. with a full sized basement. The lower story will be divided into four stores, two of which will be used as sample rooms. The centre one will be occupied by N. Culp, the postmaster, who moves his stock of clothing into the building as soon as it is completed. Harpell & Pawling, agents for the International Harvester Co., will have their office and showroom in the remaining part of the building. The upper story will be divided into rooms.

This block will cost nearly five thousand dollars and will make a great improvement in the appearance of Main street. Work will be commenced at once and rushed to completion before the cold weather sets in.

A Pretty Wedding

Popular Edgerton Couple Married in St. Thomas Church of England Yesterday

A very pretty wedding was solemnized in St. Thomas Church of England yesterday afternoon at one o'clock, when Freda, the only daughter of Mr. and Mrs. Charles H. Burton, Edgerton, was united in the holy bonds of matrimony to P. S. Pawsey, of the same place. The church was well filled when the young couple marched up the aisle to the strains of Mendelssohn's Wedding March. Rev. G. S. Fium officiated, assisted by Rev. R. Alderson.

Immediately after the ceremony the young couple sat down to a sumptuous wedding repast at the home of W. J. Musson. The bride was attired in a beautiful gown of crepe de chene with trimmings of white net and satin, with a white satin diadem and girdle. Her hat was white, trimmed with a wreath of jasmine and large liberty satin bow. Miss Minnie Musson, the bridesmaid, wore a Princess dress of pale mauve silkoline with yoke and sleeves of cream net and a large black velvet hat with black plumes. Mr. Pawsey was assisted by his brother, Mr. O. Pawsey.

Mr. and Mrs. Pawsey left for their home at Edgerton in the afternoon, the bride's going away gown being of navy blue serge, with a large brown beaver hat, trimmed with wings. The STAR joins the many friends of the young couple in wishing them every happiness in their married life.

The Irma Athletic Association is giving a masquerade ball and turkey shoot on Oct. 25, Thanksgiving Day.

A moving picture company have posters out announcing an entertainment here on the evening of October 23rd.

Mayor Dawson informed the STAR this week that the council has had fire guards ploughed all around the town and that he wished the citizens to turn out and help the members of the fire brigade burn fire guards on the first night that weather conditions were favorable. He will ring the alarm as for a fire and when it is heard he hoped that the residents would not be backward about helping the brigade.

Auditorium Opera House

Building When Completed will be a Credit to Wainwright—To Be Opened with Dance

The fine new opera house on which Contractor W. W. Carter has had a large gang of carpenters working for the past couple of months, is rapidly nearing completion, and in a very short time will receive the finishing touches.

The opera house has been named the "Auditorium" and will be opened by a dance given by Small Brothers, the owners, on Wednesday, November 3. The Auditorium is the best building of its class to be found on the line of the G.T.P. between Edmonton and Fortage and would be a credit to towns five and six times the size of Wainwright.

The building has a ground floor space 36x50 feet and will accommodate close onto 600 people. The stage is 16x36 feet, with fine large dressing rooms beneath.

All the appointments of the theatre such as drop curtains and scenery will be of the best and up-to-date in every respect. The Auditorium is a credit to the enterprise and public spirit of the owners and is surely in keeping with Alberta's high town.

New Banks in West

Many Branches Opened During September—Another Sign of Progress

Below is a list of the new bank branches opened during the month of September, located in the Canadian west—

Place	Bank
Bethune, Sask.	Re.
Courtenay, B.C.	Royal
Disbury, Alta.	Traders
Estevan, Sask.	Hamilton
Kindersley, Sask.	Union
Macklin, Sask.	Union

Union Wharf, B.C.	Royal
Vancouver, B.C.	Ottawa
Vancouver, South.	Hamilton
Victoria, B.C.	Dominion
Winnipeg, Man.	(2) Standard

A couple of private cars of the Chicago North-Western railway arrived on Thursday evening last, having on board some of the officials of that road, who spent several days hunting in this district.

Wainwright has a fire brigade of which she may be proud. The way the boys turned out on Monday night to the surprise call given by the Mayor would reflect credit on the boys many times as old and experienced as the local one. Chief Washburn has drilled the men well and every move was like clock work. The boys have attained their proficiency only through many hours of hard drill and sacrifice. The citizens will do well to show their appreciation of the fire boys of the brigade by taking it a point to attend the masquerade ball given under their auspices.

The private car Prince Rupert arrived in town last night, having on board H. H. Brown, general superintendent, and W. F. Hinton, general passenger agent, who are on their way to the front. Mr. Hinton is the husband of Mrs. Hinton, who is in town early this morning.

Hudson Bay Route One of World's Best

Wm. Beech, of Esqui, Churchill, Tells of the Great Possibilities
of the Route—Advises Building of a Double Track as
It Will be Needed When the Line is Ready for Use

William Beech, of Churchill, whose homestead on the south shore of Churchill Harbor, is the most northerly one at present in Canada, has returned to Winnipeg with his son Carl, who has been at the harbor for the past 18 months. This time Mr. Beech did not attempt the overland trail and river route, which he had employed on his past trips, but came out by way of Hudson straits and St. John's, Newfoundland, taking advantage of the return trip of the steamer Adventurer. This steamer was chartered by Revillon Freres to take supplies to their trading posts on the Bay and to take materials and men for the opening of new posts. The trip was one of interest for several reasons, and was welcomed by Mr. Beech as giving him an opportunity to see for himself something of the conditions encountered by boats navigating the Straits. For some years now he has been one of the most confident supporters of the Hudson Bay route, as an outlet for the Canadian West, and from what he has seen, he is, if possible even, more eloquent in his description of the possibilities of the route.

"Churchill is unquestionably the great natural harbor of the Bay," said Mr. Beech last night, "but if there were ten more such harbors it would not be too many, for they would increase the natural resources of the country by just ten times, and ultimately they would all be needed. Why, if the government starts to build the Hudson Bay railway, they will make the greatest mistake if they do not double track it at once. They should put down a double track now, for it will be needed by the time it is ready for use and they should put down the heaviest possible steel and get the best of motive power. I can tell you now that the route is to be one of the great world shipping routes." We left Fort Churchill on September 16, and from then till our arrival in St. John's we did not see anything which

would in any way hinder the handling of ships of any dimension. Capt. C. C. Cooze, of the Adventurer, is the finest navigator who ever entered the Bay and his ship the largest which has ever undertaken those waters. She is 274 feet long, 38 feet beam and has a capacity of 2,300 tons. Despite the faulty charts he brought her into port under full speed at low tide and dropped his anchor in thirty-two feet of water. He has covered the whole of the Bay from Fallerton on the north to Stratton Island on the south and Fort Robinson and Mansfield Island on the east.

"Coming down on the Adventurer we had as passengers the crew of the unfortunate little Ketch Paradox who were picked up by the Hudson's Bay Company's steamer Pelican in the Straits and brought to Churchill. These men had a most peculiar story which may be worth investigating. They say that the captain of the Pelican refused to take them aboard unless they agreed to abandon their boat, which because of contact with the ice, was leaking badly. After consultation, they abandoned their boat which was taken in tow by the Pelican and brought to Churchill. It was there unloaded by the company and the men themselves were practically turned adrift to shift for themselves till the Adventurer arrived and took charge of them. Their boat and cargo were at Churchill when we left.

"The existing charts are all wrong, for on different occasions we found islands where none were charted and again passed over points where islands were marked without seeing land and 40 fathoms of water under us. It will be found when a careful examination is made, that the existing information regarding Hudson Bay is very faulty. But there is one thing that will be found, and that is that the east main shore is exceptionally rich in minerals."

Is The Greatest Year

Grain Crops of the West are Best in
History of Country—Best
All Records.

Proof that the crops of 1909 are the largest, finest and most valuable ever produced in the prairie country may not be required, but it is abundantly furnished by the statistics already available. The inspection figures covering cars examined and graded by the Government official may serve as the basis of an opinion regarding the worth of the farmers' output, and from these it is not difficult to deduce the reasons which have caused a thrill of enthusiasm to spread from the Rocky Mountains to the Great Lakes and back again. During September, the first month of the new crop year, 17,314 cars of wheat, oats and barley were inspected. In other words, nearly 20,000,000 bushels of grain were shipped through Winnipeg on the way to the Markets of eastern Canada and the old world. Ten years ago the people of Canada

were prepared to congratulate themselves if they learned that twenty million bushels of grain were available for shipment from the West in a whole season. It may not be necessary to insist that this year's grain takes the palm for quality as well, but the fact must be borne in mind whenever the shipments for the year are under consideration.

TWO CENT RATE

Postmaster-General will endeavor to Secure Rate With France

It is understood that during the absence of the Hon. Rodolphe Lemieux, postmaster-general, in Europe, he will confer with the French government with a view to securing a penny postal rate on letters between Canada and France, similar to that now existing between Great Britain and Canada. A corresponding reduction of the rates on newspapers and other mail matter is also contemplated.

The endeavor to secure a cheaper postage service between the two countries is in line with the policy of the department in reducing the rates wherever feasible, thus encouraging trade relations and producing a large increase in the volume of mail business done. A penny postal rate between France and Canada would also be a fitting sequel to the conclusion of the new Franco-Canadian trade treaty.

RIVERS-WILSON RESIGNS

Will be Succeeded in Presidency of Grand Trunk by C. M. Hays

It has been announced that at the end of the present year, Sir Charles Rivers Wilson will retire from the presidency of the Grand Trunk railway of Canada, which office he has occupied for 15 years. C. M. Hays, the general manager in Canada, will succeed to the title of president, which will give him the same rank as is accorded to the chief executives of other Canadian lines.

The board of directors, however, will continue to be the same and the control and administration of the company will be as heretofore.

LOST—on the trail between Edgerton and Wainwright, one 22 calibre Repenting Rifle and bunch of Magazines. Reward for return to W. A. Brooks, Ribstone, Alta.

We have purchased the excellent stock of confectionery formerly stocked by Smith & Dugman, which, added to our own line puts us in a better position than ever to supply the needs of our customers. We offer a hearty welcome and courteous treatment to the former customers of this firm, and guarantee satisfaction.

A fine line of preserving plums on hand at reasonable prices.

Crampton Brothers

Build a House for Yourself

IN WAINWRIGHT

It is useless to pay rent when you can pay for a house on the same terms. We can build you a house worth from \$500 to \$1500 for the small cash payment of \$5 a month. It is just the same as paying rent and you own the house yourself.

Lots in Wainwright can be purchased by paying \$10 a month with no interest.

Sub-division lots for \$50, by paying \$10 cash and \$5 a month. NO INTEREST.
